

RECORDS RETENTION AND DISPOSITION SCHEDULE
GENERAL SCHEDULE NO. 31
AIRPORTS

The schedule on the attached page(s) is approved with agreement to follow the records retention and disposition policies listed below:

APPROVED

STATE RECORDS ADMINISTRATOR

EFFECTIVE SCHEDULE DATE SEP 02 2003

PAGE 1 OF 7 PAGES

POLICIES FOR RECORDS RETENTION AND DISPOSITION

1. This schedule is continuing authority under the provisions of the Virginia Public Records Act, §§ 42.1-76, et. seq. of the *Code of Virginia* for the retention and disposition of the records as stated on the attached page(s).
2. This schedule supersedes previously approved applicable schedules.
3. This schedule is used in conjunction with the *Certificate of Records Disposal* (Form RM-3). A signed RM-3 must be approved by the designated records officer and on file in the agency or locality before records can be destroyed. After the records are destroyed, the signed RM-3 must be sent to the Library of Virginia (LVA).
4. Any records created before the Constitution of 1902 came into effect (January 1, 1904) must be offered, in writing, to the LVA before applying these disposition instructions. Offered records can be destroyed 60 days after date of the offer if no response is received from the LVA. A copy of the offer must be attached to the RM-3 form when it is submitted to the LVA.
5. All known audits and audit discrepancies regarding the listed records must be settled before the records can be destroyed.
6. All known investigations or court cases involving the listed records must be resolved before the records can be destroyed. Knowledge of subpoenas, investigations or litigation that reasonably may involve the listed records suspends any disposal or reformatting processes until all issues are resolved.
7. The retentions and dispositions listed on the attached page(s) apply regardless of physical format, i.e., paper, microfilm, electronic storage, digital imaging, etc. Unless prohibited by law, records may be reformatted at agency or locality discretion. Microfilming must be done in accordance with §§ 17VAC15-20-10, et. seq. of the *Virginia Administrative Code*, "Standards for the Microfilming of Public Records for Archival Retention."
8. Custodians of records must ensure that information in confidential or privacy protected records is protected from unauthorized disclosure through the ultimate destruction of the information. Normally, destruction of confidential or privacy-protected records will be done by shredding or pulping. "Deletion" of confidential or privacy-protected information in computer files or other electronic storage media is not acceptable. Electronic records must be "wiped" clean or the storage media physically destroyed.
9. Under the Virginia Public Records Act (§ 42.1-79) the Library of Virginia is the official custodian and trustee of all state agency records transferred to the Archives, Library of Virginia. The Library may purge select records in accordance with professional archival practices in order to ensure efficient access.

RECORDS SERIES AND DESCRIPTION	SERIES NUMBER	SCHEDULED RETENTION AND DISPOSITION
<u>Airport Master Files</u> Documents basic information about airports and are updated as state officials inspect the airports. The records contain information on individual airports, including owner's name and address, manager's name and address, whether the airport is public or private, latitude and longitude, runway date lighting, landing length, services, facilities, based aircraft, and operations. Also included is an Airport Layout Plan (ALP) of the airport.	006173	Retain until superseded, obsolete or rescinded, then destroy.
<u>Airport Security Program</u> Documents the airport's objectives, methods, and procedures designed to prevent or reduce illegal activities or interference with civil aviation. Program contents include a description of the airport, master security plan, planned improvements, procedures in case of hijackings or bomb threats, security gate information, airport statistics, and related subjects.	006174	Retain program records in accordance with Transportation Security Administration directives and guidelines for 3 years, then transfer records to the Archives, Library of Virginia for permanent retention. A number of these documents may be classified and sealed.
<u>Airport Self-Inspection Reports</u> Documents reports and related records documenting Federal Aviation Administration (FAA) mandated inspections by airport staff to assure safe conditions. These generally are performed daily or more frequently if unusual conditions caused by construction, weather, or any accident or incident are present. Inspections include runway, ramp, and taxiway conditions, fire and reserve facilities, bird hazards, wind indicating devices, standby power system, and lighting.	006175	Retain reports documenting incidents 1 year after incident, then destroy.
